

Three Important Tips for Church Leaders - March 2016
Dr. Ed Kruse, President, HealthierChurch.org

This month the three tips are all questions regarding Spiritual Gifts:

1. Who in your congregation are the under-involved, contributing less than they could? How will you identify them? How will you use Spiritual Gifts to engage them?
2. Who in your congregation are over-involved, loaded down, fatigued, and may be near burnout? How will you identify them? How will you use Spiritual Gifts to help them?
3. Who in your congregation is highly respected and would make an excellent Spiritual Gifts Coordinator? What will that person do to involve others in the Spiritual Gifts ministry?
