Hello Bill,

Just a short note to tell you that I found your book, *Wake Up! Church*, so good and so very thought-provoking. I like to read books that I learn from and that make me stop and think. The book you and Ed Kruse put together certainly did that. Just a few of the things that hit me included –

- What is the opposite of love? I always thought it was hate, but yes I realize you are correct it is just not caring about someone.
- Reframing blame & personal attacks
- Sudbury Presbytery's Vision Statement
- The Transformational List
- Pray—for—what—you—already-- have

The list above shows only a few of the teachings I found so stimulating. I enjoyed your book on my first read and I know I will have to read it again a few times if I am going to be able to absorb and appreciate the many lessons you and Ed have shared in your book.

Thanks

Dave Clarke
