

We want your ideas!

You are invited to help our community in a brainstorming event at **Lake Livingston Lutheran Church (LLLC)** on Sunday December 2 at 1:00PM. A light lunch will be served.

Churches and Communities Together are looking for ideas that will improve our community. You do not have to be a member of this church or any church. All you need is a willing heart and something to offer – ideas, time, referrals!

Have you ever thought of something that would be a benefit to our community? Come and share it with us.

Others may like your idea and with a little momentum the results can be realized.
